Button Bar and Search Screen Buttons

Below are the button bar and Search screen buttons, which provide shortcuts to WinSPIRS features. The button bar is available at the Search, Index, Table of Contents, and Thesaurus screens.

Button	Action
Database	Displays the Available Databases dialog box.
Print	Displays the Print Records dialog box.
Download	Displays the Download Record dialog box.
Searches	Displays the Search screen.
Index	Displays the Index screen.
Contents *	Displays the Table of Contents screen.
Thesaurus *	Displays the Thesaurus screen.

Button	Action
Search	Performs the search.
Suggest *	Displays the Suggestions dialog box for alternate terms.
Show	Shows records for the highlighted search.
Limit...	Displays the Limit Search dialog box for range operators.
Retype	Retypes the highlighted search.
Clear...	Displays the Clear Search History dialog box.
Next Hit	Moves forward to the next occurrence of the search term.
Previous Hit	Moves backward to the previous occurrence of the search term.
All Fields	Shows all or brief fields for the retrieved records.
Add to Search	Adds the highlighted word or phrase to the Search: text entry area.
(toggle buttons)	Toggles the full screen display of the Retrieved Records area.

* This button is grayed out if the selected databases do not use this feature or are from different families.
